

2003A Bond

Mission Creek Flood Control Enhancements \$2,475,000

PROJECT DESCRIPTION:

Funds to augment the Army Corps of Engineers-funded flood control project for Lower Mission Creek. Enhancements could include acquisition of property along the creek for open space and pocket parks, landscaping, aesthetic treatment of historic bridges and pedestrian paths.

PROJECT MANAGER:

Marck Aguilar,
Redevelopment Specialist

NOTES:

Appraisals have been made on two parcels and the consultant is preparing offer letters. The current account balance is approximately \$2,440,000.
